

## HB RACING VENTED CLUTCHBELLS

New from HB Racing are Module 0.8 vented clutchbells that help cool the clutch for more reliability during long races. HB Racing Module 0.8 gears have a finer gear pitch for smoother and quieter gear mesh, finer gear ratio adjustment, and improved drivetrain efficiency. They're precision machined from high strength steel and designed to be a direct bolt-in replacement part for non-vented Module 0.8 clutchbells.
